

PU320

2-Port USB 3.0 Express Card

ATEN PU320 is a 2-port USB 3.0 Express card, which supports USB 3.0 Super-Speed devices. It provides speeds of up to 10x faster than that of USB 2.0, enabling you to access and transfer data much faster simply by adding two USB 3.0 ports to your PCI Express-capable notebook. It is backwards compatible with USB 2.0 and USB 1.1, ensuring compatibility with existing devices.

The new USB 3.0 standard supports transfer rates of up to 5 Gb per second. You can back up large volumes of data, such as high definition videos and high resolution photos, to an external USB 3.0 drive quickly within a short amount of time. In addition, the PU320 2-Port USB 3.0 Express card also supplies 900mA of power per USB port, allowing more external devices to operate without the need of an additional power source.

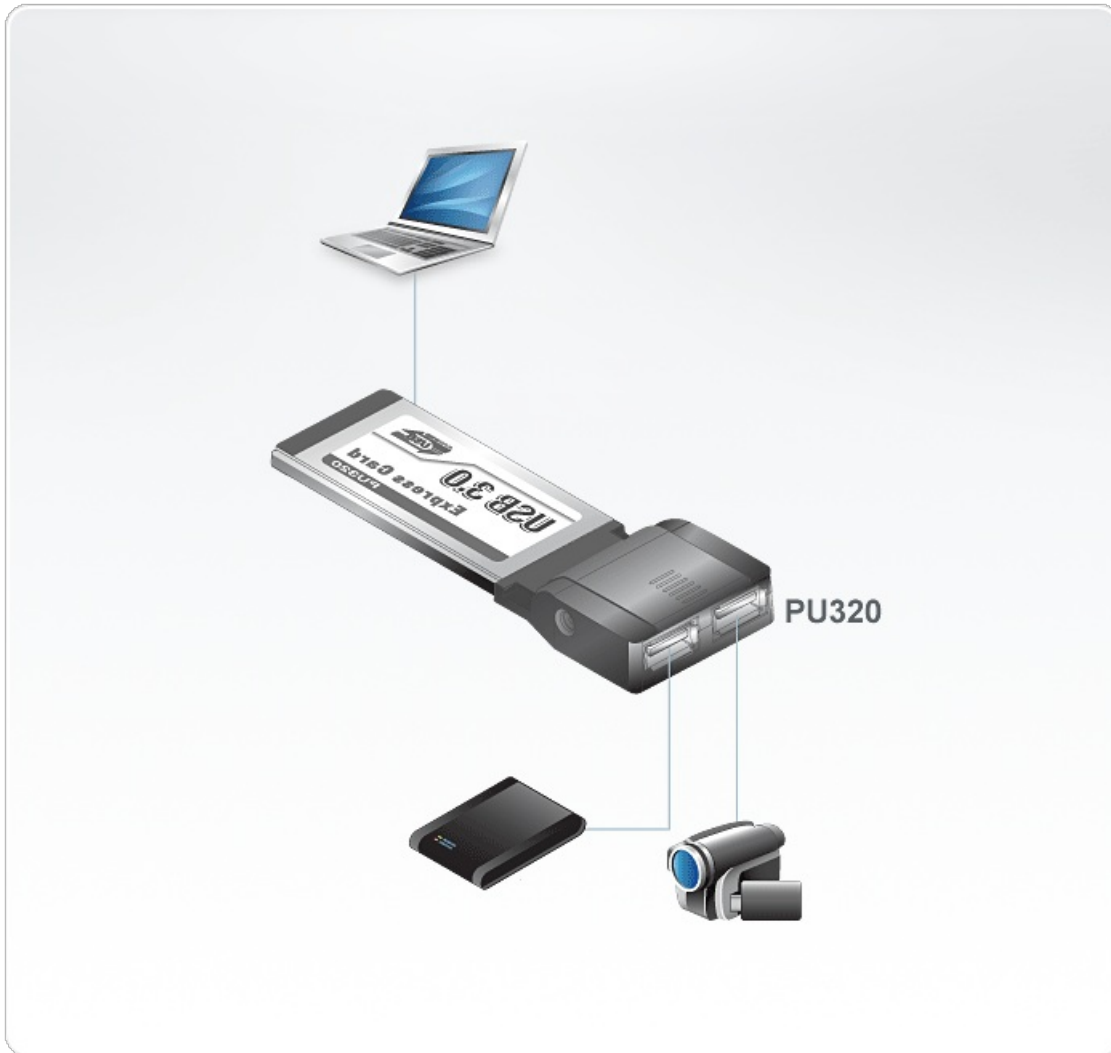

Features

- Adds 2 downstream ports to your notebook
- Fully complies with USB 3.0 specifications
- Conforms to ExpressCard/34mm Type II standard
- Backwards compatible with USB 1.1 and 2.0 devices
- Includes power adapter for enhanced power supply
- USB-IF certified

Specifications

Connectors	
USB Port	2 x USB 3.0 Type A
Power	1 x DC Jack
Maximum Transfer Rate	5 Gbps
Power Consumption	DC5V, 11W
Maximum Current	900 mA per port (with Power Adapter)
Environmental	
Operating Temperature	0-50°C
Storage Temperature	-20-60°C
Humidity	0-80% RH, Non-condensing
Physical Properties	
Housing	Plastic, Metal
Weight	32 g
Dimensions (L x W x H)	11.56 x 4.00 x 1.40 cm
Note	For some of rack mount products, please note that the standard physical dimensions of WxDxH are expressed using a LxWxH format.
