

DT-5519

Sliding Shelf (Depth: 550 mm)

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be flexibly applied to meet different rack configuration needs.

The ATEN Sliding Shelf complies with the latest EIA / ECA-310-E standards and offers a strong, stable structure designed for convenience in data center environments. When IT personnel need to perform maintenance or operations, the shelf can be pulled out to place a laptop, keyboard, or testing equipment. Once finished, it can be pushed back into the rack, keeping aisle space clear.

With a maximum load capacity of 25 kg, it is ideal for 19-inch standard racks, server racks, or network racks with a depth of 900 – 1200 mm. The shelf can be flexibly mounted at any height on the rack's adjustable rails.

Features

- Complies with the latest EIA / ECA-310-E standards, with robust construction and high load capacity
- Suitable for 19-inch standard racks, server racks, or network racks with a depth of 900 – 1200 mm
- Pull-out design for convenient access during maintenance or operation; allows placement of laptops, keyboards, or test equipment
- Slides back into the rack after use to avoid blocking aisle space
- Maximum load capacity: 25 kg
- Available in both white and black variants

Specifications

Function	DT-5519
Part Number	YGEC-0000-003 (White) YGEC-0000-004 (Black)
Physical Properties	
U Spaces	1U
Overall Height	44 mm
Overall Width	482 mm
Overall Depth	550 mm
Color	White / Black
