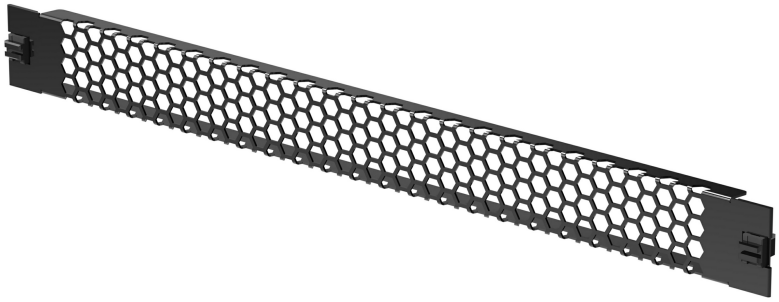
Simply Better Connections

RA1800

1U Vented Rack Panel



ATEN offers a wide variety of flexible rack accessories to support IT professionals in managing racks and installing equipment. Every accessory is designed with functionality in mind to ensure operational safety and adaptability for various rack configurations.

The ATEN Vented Rack Panel complies with the latest EIA / ECA-310-E standards. Designed for tool-less installation and removal, it quickly covers unused rack space to prevent foreign object intrusion, ensuring the stability and safety of internal equipment.

The panel features a vented design that promotes internal airflow and improves heat dissipation inside the rack. It is compatible with ATEN or other brands of 19-inch racks, including server and network racks.

Note: Vented Rack Panels are sold in sets of 2 pieces.

Features

- Quickly covers unused rack space to prevent foreign object intrusion
- Vented design promotes internal airflow and heat dissipation
- Suitable for ATEN or third-party 19-inch, server, and network racks
- Complies with the latest EIA / ECA-310-E standards
