2K-0008

2-in-1U Mounting Plate

ATEN's 2K-0008 2-in-1U Mounting Plate provides a flexible mounting solution that works with 2K-0001 or 2K-0002, which combines an LCD KVM console with a console station or KVM over IP extender in a 1U rack space*. This plate maximizes space and simplifies maintenance, delivering a clean, organized, and highly efficient solution.

Note: For a list of compatible products, please refer to the ATEN website.

Features

- Standard 1U design ensures a seamless fit within your rack, optimizing space efficiency
- Secure cabling with the integrated four cable tie holes to simplify maintenance and organization
- Achieve rapid installation with the universal anchor pin, providing quick and precise alignment
