

VE8900 / VE8950 Control App

VE8900/VE8950 Control App – Mobile App

The ATEN VE8900/VE8950 Control App turns your mobile phone into a remote control for VE8900 / VE8950. This control app is designed to help you conveniently switch sources/displays as well as apply and reschedule profiles for your VE8900 / VE8950 over IP Video Extenders.

Featuring an easy-to-use, intuitive interface, this control app provides direct access to VE Manager anytime, anywhere. The ATEN VE8900 / VE8950 Control App enables you to manage your networked AV system more effortlessly than before.

* iOS: 10.0 or later

* Android: 6.0 or later

Simple Setup and Login

Auto scan the network for ATEN Video Extenders and tap on any transmitter or receiver to log in.

Instant Switching and Control

Switch video sources instantly via your mobile device by simply selecting the transmitter source and the target receiver. The design also allows you to switch a video source to multiple receivers at once.

Calendar-based Scheduling

Check and revise the display schedule on-the-go to save time, related costs, and streamline daily operations.

Features

- Simple Login – auto search for devices and tap any transmitter to log in
- Monitor – check the status of receivers and all your digital signage content
- Preview – preview video sources before switching
- Control – switch a source to multiple receivers instantly
- Calendar-based Scheduling – check and revise the display schedule on the go
- Firmware Update Reminder – keeps you posted about the latest updates
