

CF-57100

Cable Management Hook (5.7 x 10 cm)

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be flexibly applied to meet different rack configuration needs.

The ATEN Cable Management Hook features a 1U height design and can be installed inside the rack to effectively secure large bundles of cables for vertical routing, preventing tangling and knotting.

The product dimensions are 44 x 57 x 101 mm (height x width x depth). It is suitable for ATEN and other brands of 19-inch racks, server racks, and network racks. It can be installed at any position inside the rack as needed, helping maintain organized cabling and improving overall manageability.

Features
