2L-2502A

2M VGA Cable with 3.5mm Stereo Audio

The VGA Cable is designed to provide a high quality VGA with audio connection, ideally suited for high resolution applications up to 1920 x 1200. This durably constructed VGA cable with 3.5mm stereo audio eliminates the picture ghosting and fuzzy images, guaranteeing users the ultimate A/V experiences.

Features

- Optimized for VGA with stereo audio transmission
- HDB15 male input and output
- Outer shielded material: Al Mylar tape
- A range of cable lengths, available from 2 to 30 m
- Compatible with ATEN VGA products
