

## RS42U100

RS Series Standing Network Rack

ATEN Racks are designed for mounting standard 19" rackmount equipment – servers, routers, UPS systems, switches, audio/video devices – regardless of brand. All racks provide straightforward equipment organization, excellent security and simple cable management while enabling optimum airflow. To simplify deployment, ATEN Racks comes with casters and leveling feet. The casters allow ATEN Racks to be easily maneuvered into the desired location, where it can then be secured in place by adjusting the leveling feet. The RS Series Rack contains a locking, reversible, removable front door that is perforated to promote efficient airflow, as well as locking, removable solid side panels. Locking doors and side panels prevent unauthorized access to installed equipment. The RS Series Rack provides standard features for a more cost-effective rack solution.

## **Features**

- High Ventilation Hexagonal Perforation
  - Hexagonal perforated front and back doors provide higher tensile strength than round holes while ensuring efficient airflow and optimized ventilation
- More Space for Cable Management
  - · Vertical cable management rail design in 800mm wide rack provides more space for network cable management
- High Loading Capacity
  - Static loading capacity up to 800KG

## Specification

Physical Properties	
Rack Height (U Spaces)	42U
Туре	Rack Enclosure
Package Contents	"Build-Up(Default) Knock-Down(Special Requirement) "
Mounting Hole Type	Square

Unit Dimensions(H*W*D)	Color	Black
Maximum Device Width         600           Maximum Device Depth         1000           Maximum Device Depth         1000           Maximum Mounting         880           Minimum Mounting         200           Default Mounting         700           Shipping Dimensions : Build-Up ( H x W x D)         620 x 1020 x 2065           Shipping Dimensions : Knock-Down ( H x W x D)         Packaget : 1980 x 620 x 320 Packaged : 260 x 1020 x 130 Packaged : 360 x 730           Shipping Weight         103           Unit weight         96           Woight capacity stationary         800           Weight capacity dynamic         600           Material         SPCC Cold Rolled Steel           Air permeability         0.65           Certifications         RoHS           Protection class         IP20           Shipping         IP20           Shipping         I.31           Knock-Down packing Unit volume (CBM)         1.31           Knock-Down package (20GP)         23           Build-up package (20GP)         49           Build-up package (40HO)         49           Knock-Down package (40GP)         49           Knock-Down package (40G	Unit Dimensions(H*W*D)	2055 x 600 x 1000
