

BP-0419S

4U Blank Rack Panel

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be applied flexibly to meet different rack configuration needs.

The ATEN Snap-In Blank Rack Panel complies with the latest EIA / ECA-310-E standards and features a tool-free design for easy installation and removal. With an external height of 177 mm, width of 482 mm, and depth of 16 mm, it is available in both white and black variants.

This panel is compatible with ATEN and other 19-inch rack brands. It is designed to fill unused rack space, manage airflow, and provide dust protection while enhancing rack aesthetics and safeguarding equipment for stable and secure operation.

Features
