Simply Better Connections

BP-0519S

5U Blank Rack Panel

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be applied flexibly to meet different rack configuration needs.

The ATEN Snap-In Blank Rack Panel complies with the latest EIA / ECA-310-E standards and features tool-free installation and removal. It has an external height of 222 mm, width of 482 mm, and depth of 16 mm. Available in both white and black variants.

Compatible with ATEN and other 19-inch rack brands, this panel is designed to fill unused rack space and manage airflow, while providing dust protection, an attractive appearance, and safeguarding equipment for stable and secure operation.

Features
