

RA1102

Fixed Rack Shelf (Depth: 700 mm)

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be flexibly applied to accommodate various rack configuration requirements.

The ATEN Fixed Rack Shelf is designed to be used with ATEN's Rack Mount Brackets. Installed inside the rack, it is used to support IT equipment such as servers and network switches, with a total weight capacity of up to 45 kg. It comes in both white and black color variants.

Features

- Used with ATEN Rack Mount Brackets (RA1002) to support IT equipment such as servers and network switches, with a total load capacity of up to 45 kg
- Compatible with ATEN 19-inch or network racks (1000-1200 mm depth), and can be installed at any height on adjustable vertical rails
- Available in white and black color variants
