ORV3 Blank Rack Panel

ATEN offers a versatile range of rack accessories designed to meet the installation and management needs of IT professionals. Each accessory is built for functionality, helping ensure system reliability, operational safety, and adaptability across various rack configurations.

ATEN ORV3 1OU Blank Rack Panel is a dedicated accessory for ORV3 racks, designed in compliance with the Open Rack v3 Base Spec defined by the Open Compute Project (OCP). It is primarily used to cover unused rack space, improving airflow management and enhancing the overall thermal stability of installed equipment.

Features

- Covers unused rack space to support efficient airflow management and improve thermal performance
- 1 OU (Open Unit) height design, installable at any U position for airflow separation, protection, and a clean, professional appearance
- Compatible with ATEN standard ORV3 racks (44 OU / 48 OU) and customized racks (6 OU / 25 OU)

Specifications
