

VP-0219

2U Vented Rack Panel

ATEN provides a diverse and flexible range of rack accessories to meet the needs of IT professionals for rack management and equipment installation. All accessories are functional to ensure equipment operation and user safety, and are designed to be adaptable for various rack configurations.

The ATEN 2U Vented Rack Panel complies with the latest EIA / ECA-310-E standards. It supports tool-less installation and removal, allowing quick coverage of unused rack space to prevent foreign objects from entering and ensuring the stability and safety of equipment inside the rack.

The panel features vent holes to maintain airflow circulation and improve heat dissipation efficiency within the rack. It is suitable for ATEN and other brands of 19-inch standard racks, server racks, and network racks.

Features

- Complies with the latest EIA / ECA-310-E standards
- Tool-less installation and removal for quick coverage of unused rack space
- Prevents foreign objects from entering, ensuring equipment stability and safety
- Vented design helps maintain internal airflow and heat dissipation
- Dimensions: 88 mm (H) x 482 mm (W) x 16 mm (D)
- Compatible with ATEN and other brands of 19-inch racks, servers, and network racks

Specifications

Function	VP-0219
Part Number	YGED-0000-16P
Physical Properties	
U Spaces	2U
Overall Height	88 mm
Overall Width	482 mm
Overall Depth	16 mm
Thickness	1.2 mm
Color	Black
