
UH7230

Thunderbolt™ 3 Multiport Dock with Power Charging

5K

4K

Dual Monitor Setup

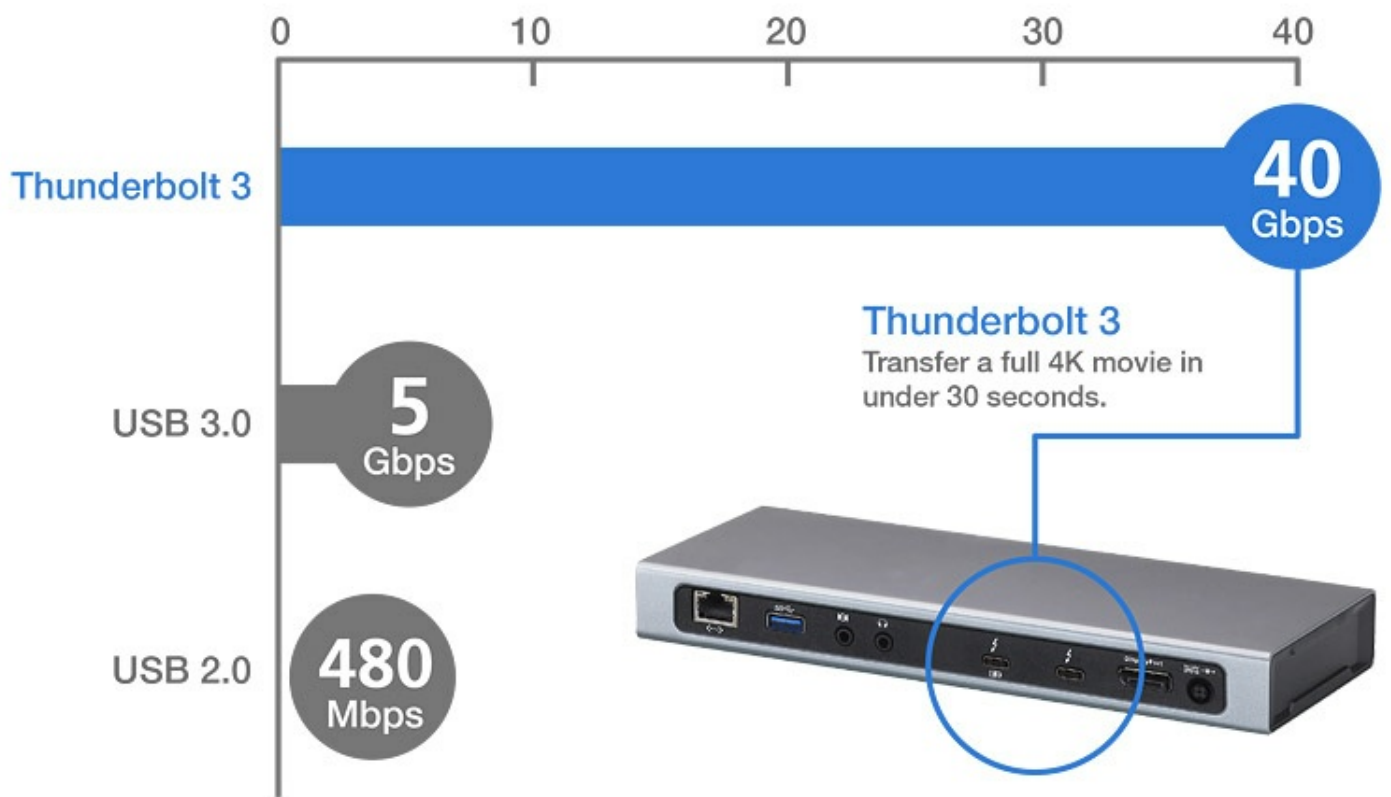

Dual 4K or 5K Resolution for Graphics-intensive Multitasking

Combining a truly immersive next-generation visual experience with amazing throughput speeds, the UH7230 multiport dock allows you to connect two 4K displays (one DisplayPort and one [Thunderbolt™ 3 USB-C](#) port) or one latest generation 5K display, with nearly 16 million more pixels than an [HDTV](#). Enjoy the astonishing resolution, contrast and color depth, whether you are editing videos or digital media, designing graphics or using any application that requires high-definition visuals.

Blazing Fast Speed to Boost Productivity

With [Thunderbolt™ 3](#)'s phenomenal bandwidth, up to 40Gbps, transferring a 4K movie needs less than 30 seconds. This means you can transfer files faster, reduce waiting and accomplish more in the same amount of time.

Up to 85W Power Delivery for Mac or Windows Laptop

UH7230 is an intuitive central hub for not only connectivity expansion but also for charging your laptop and USB accessories. It supports up to 85W of power delivery for Mac or Windows laptops.

Single Cable for Astounding Expandability

Using the single [Thunderbolt™ 3](#) cable (included), the [docking station](#) expands the connectivity up to 8 ports, including audio, Gigabit Ethernet, DisplayPort, [Thunderbolt™ 3 USB-C](#) and USB 3.1 Gen 1 ports to accommodate your most demanding computing needs. A [Thunderbolt™ 3](#) port is also provided to daisy chain up to 5 additional [Thunderbolt™ 3](#) devices, such as data storage.

The UH7230 Thunderbolt 3 Multiport Dock connects a laptop to Ethernet, DisplayPort, [USB-C](#) 3.1 Gen 1, speaker and microphone ports through a single cable. The all-in-one dock provides a total of 8 ports and is designed to instantly connect and disconnect from your Thunderbolt 3 laptop. The UH7230 supports a single Thunderbolt monitor with resolution up to 5K (5120 x 2880 @ 60Hz), and dual 4K (4096 x 2160 @ 60Hz) multi-display setups on a DisplayPort and a Thunderbolt or a [USB-C](#) displays. Gigabit Ethernet port delivers Internet speeds up to one Gigabit (1000 Mbps). This multiport dock also supports USB Power Delivery 2.0, which means the UH7230 can provide power to matched [USB-C](#) Windows or Mac laptops with PD Profile specifications of 20V/4.25A, 15V/3A, 9V/3A and 5V/3A.

The ATEN [Thunderbolt™ 3](#) Multiport Dock is designed for creating a simplified and productive state-of-the-art workspace. With included Thunderbolt™ cable, it delivers more connectivity to your MacBook Pro or Windows laptop and more charging capability than ever before. Harness the full potential of [Thunderbolt™ 3](#) and embrace the next generation of workstation connectivity. It is ideal for creative professionals and those who work with high-resolution, and graphic-intensive images, video, and CAD drawings, such as video producers, graphic and web designers, architects, and more.

Meet the ATEN Docking Series

Features

- Supports both Thunderbolt 3 (40Gbps) and USB 3.1 Gen2 (10Gbps) protocol through a single Thunderbolt 3 cable
- Connect up to 8 devices to a laptop via a single Thunderbolt 3 cable / can daisy-chain 5 additional Thunderbolt devices
- Supports 5K resolution on a single Thunderbolt 3 display or dual 4K resolution on one DisplayPort display and one [USB-C](#) / Thunderbolt 3 display
- 85W Universal Power Delivery for charging a Thunderbolt 3 laptop or MacBook pro ; supports 20V/4.25A, 15V/3A, 9V/3A and 5V/3A power specification for the output power
- Compatible with legacy Thunderbolt devices via adapter
- Gigabit Ethernet port
- Audio line-in and line-out
- OS Support: Windows 10 32/64 bit, and OS X Sierra 10.12 later

Your computer's Thunderbolt 3 ports might not function properly until you update one or more of the following on your computer:

- BIOS
- Thunderbolt firmware
- Thunderbolt 3 controller drivers
- Thunderbolt 3 software

The required updates will vary depending on your computer.

For an up-to-date list of affected computers and instructions, visit <http://thunderbolttechnology.net/updates>

If your manufacturer isn't listed on the Thunderbolt website, contact your manufacturer.

Specifications
