
VM-PWR550

VW1608/VM1600A Power Module

The [VM1600A](#) can be equipped with dual power modules to ensure that the system is always working. The power modules are hot-swappable and can be easily replaced without shutting down the system. The [VM1600A](#) has two power slots that can connect to two different power supplies. If the primary power fails, the secondary power supply will automatically take over. ATEN ensures that your investment is well protected while delivering outstanding performance.

Specifications

Video Matrix Power Module	VM-PWR550
Input voltage	100 - 240 Vac
Power Capacity	550W
Operating Temperature	0 - 40°C
