Simply Better Connections

2L-5205B

5M Port Switching VGA Cable

The VGA Cable is designed to provide a high quality VGA connection, ideally suited for high resolution applications up to 1920 x 1200. Featuring durable design, the cable eliminates the picture ghosting and fuzzy images, guaranteeing users a reliable signal transmission. For application utility, the VGA cable is compatible with ATEN KVM switches to change KVM port focus.

Features

- Optimized for analog signal transmission at resolution up to 1920 x 1200
- VGA cable with 15-pin female input and male output
- Audio supported
- Outer shielded with Al Mylar tape for reliable signal transmission
- RoHS compliant
- Tested for compatibility with ATEN VGA KVM products
