

## **CL5800**

Dual Rail LCD Console (PS/2-USB, VGA) - TAA

The CL5800 is a LCD KVM console featuring an integrated 19" LED-backlit LCD panel, a full keyboard, and a touch pad in a 1U rack-mountable sliding housing.

The CL5800's LCD and keyboard/touch pad modules slide independently of each other. To maximize space in your data center, the keyboard/touch pad module slides back to "hide away" when not in use, while the thin profile LCD monitor rotates back - flush against the rack - allowing convenient monitoring of computer activity. For added convenience, ports for an external PS/2 or USB keyboard and mouse as well as a monitor are provided on the rear panel.

Note: Optional rack mount kits are available. For more information, refer to Compatible Accessories below or the link: LCD KVM Optional Rack Mount Kit

## Features

- Exclusive LED illumination light designed by ATEN to illuminate the keyboard and touchpad to allow visibility in low-light conditions
   Integrated KVM console with a 19" LED-backlit LCD monitor in a dual rail housing with top and bottom clearance for smooth operation in a 1U high system rack
- Supports an external console\* with either PS/2 or USB connectors

  Dual interface Supports computers and KVM switches with PS/2 or USB keyboards and mice
- Additional hot-pluggable USB mouse port on front panel (also functions as USB peripheral port)
- Embedded power supply High video resolution:
- Up to 1280 x 1024 @75Hz
- Supports DDC, DDC2, DDC2BDDC emulation of the LCD monitor
- Video settings of attached computers are automatically adjusted for optimal output to the LCD monitor
- Standard 105-key keyboard; Sun keyboard emulation
   Dual rail design allows LCD monitor and keyboard/touch pad modules to operate independently
- Firmware upgradeable
- Supports Microsoft Intellimouse (5 keys)
- Supports Logitech and Microsoft wireless mice
- Optional rack mount kits available including easy installation options
- Console lock enables the console drawer to remain securely locked away in position when not in use
- $^{\star}$  Connect to a KVM over IP solution (e.g. <u>CN8000A</u>) for over-the-Internet access at a remote location.
