

VE1833

True 4K HDMI / USB HDBaseT 3.0 - Lite Transceiver with PoH (True 4K@40 m)

The ATEN VE1833 True 4K HDMI / USB HDBaseT 3.0 - Lite Transceiver combines transmitter and receiver in one unit that leverages HDBaseT 3.0 technology to deliver uncompressed True 4K HDMI signals over distances up to 40 meters via a single Cat 6a cable, with zero latency. Designed for professional AV environments setups, it supports resolutions up to 4096 x 2160 @ 60Hz (4:4:4) and advanced video formats such as HDR, HDR+, and Dolby Vision, ensuring superior video quality.

Fully HDBaseT 3.0 compliant, the VE1833 enables the transmission of high-quality video, full-range IR, bi-directional RS-232, independent stereo audio, and USB 2.0 signals, all over a single cable. The VE1833 features automatic bi-directional PoH detection with power redundancy, ensuring continuous operation for critical missions. It also features HDMI audio embedding and de-embedding, offering versatile audio management for various AV integration needs.
