

VP-0119

1U Vented Rack Panel

ATEN offers a wide variety of flexible rack accessories to support IT professionals in managing racks and installing equipment. Every accessory is designed with functionality in mind to ensure operational safety and adaptability for various rack configurations.

The ATEN 1U Vented Rack Panel complies with the latest EIA / ECA-310-E standards. Designed with tool-less installation and removal, it quickly covers unused rack space to prevent foreign objects from entering, ensuring the stability and safety of internal equipment.

The panel features a vented design that promotes air circulation and efficient heat dissipation inside the rack. It is compatible with ATEN and other brands of 19-inch standard racks, server racks, and network racks.

Features

- Complies with the latest EIA / ECA-310-E standards
- Tool-less installation and removal for fast coverage of unused rack space
- Prevents foreign object intrusion, ensuring equipment stability and safety
- Vented design improves internal airflow and heat dissipation
- Dimensions: 44 mm (H) x 482 mm (W) x 16 mm (D)
- Suitable for ATEN or other brands of 19-inch standard, server, and network racks

Specifications

Function	VP-0119
Part Number	YGED-0000-16R
Physical Properties	
U Spaces	1U
Overall Height	44mm
Overall Width	482mm
Overall Depth	16mm
Thickness	1.2mm
Color	Black
